\$ 65 per tile+

1969, 1978, 1985, 1992

Notes:

A processing fee will be charged for any data processing above and beyond a simple extraction (copy and paste) of data to a CD.

All available data are provided in ArcGIS 9.2 format. Data layers are also available in AutoCad **.dwg** and **.dxf** formats for an additional production fee of \$20.00 per file.

Digital files converted from MERI-GIS native Arc/Info file format to other CAD formats, such as **.dxf** and **.dwg**, will not be exact and/or complete representation of the digital information contained in the native Arc/Info format. All data furnished utilize the horizontal Datum of NAD83, State Plane feet.

* Does not include GIS Technician/Specialist processing fee.

+ Tile = a square area that covers from 1 to 5 square miles .

** Please contact the GIS Department for a complete list of available layers.
